

Event Name: ISTT Regional Surveying Conference 2023

Date: Thursday October 5th – Friday October 6th, 2023

Location: Hilton Trinidad & Conference Centre, Lady Young Road, Port of Spain

Aim:

To explore sustainable solutions for continuity and growth amidst the evolution of the world's new and emerging economic realities. It also seeks to provide a forum for professionals within the built environment to share their experiences and research on the changes the profession has undergone from a pre-pandemic to a post-pandemic recovery period particularly, the need for, and impact of, digital transformation and innovation and the role of surveying technologies, practices and policies in keeping with best practice and international standards.

Target Audience:

Land Surveyors, Valuation Surveyors, Quantity Surveyors, Building Surveyors, Town Planners, Land Management Professionals, Geomatics Engineers, Students

Daily Agenda: See below.

Register now for the upcoming conference via [this link](#).
